TRUCK TOYS OF TEXAS NEW PRODUCT: PIONEER AVIC-D3

The latest in touch-screen navigation for your truck or car.

The Pioneer AVIC-D3 touch screen navigation system features:

- 6.1" Touch Panel Display
- Full North America navigation maps on 2 DVD discs with 12 million Points of Interest
- DVD Video playback
- MP3, WMA, iTunes AAC, and DivX file playback on either CD or DVD
- AUX input on front for both Audio and Video
- Multicolor illumination allows you to match the color of your vehicle's dashboard with 5 different options
- "iBus" iPod Audio/Video Direct Control (CD-I200 cable required)
- Bluetooth Ready (CD-BTB100 required)

Sharp Look. Smooth Fit.

In addition to being multifunctional, the AVIC-D3 was designed with ease and style in mind. The unit features a "double-DIN" size that's standard in many vehicles, providing a perfect placement in the dashboard for a fit and finish similar to factory systems. And the integration gets even better with the AVIC-D3's multi-color illumination, which gives you the ability to match the interface to the colors of your dashboard, or your mood.

TRUCK TOYS OF TEXAS PRODUCT SPOTLIGHT: POWER STEPS

AMP Research Power Steps are heavy duty and convenient.

The Power Step running boards are triggered by an electronic signal from the vehicle's factory door sensors and extends to a convenient stepping height in one second. The Power Step running boards are powered by a heavy-duty, weatherproof motor. The Power Step is lowered when any door is opened and Power Step retracts when any door is closed. At the optimal ergonomic height for proper entry and exit without sacrificing ground clearance, it provides a natural step similar to steps found in your home. All AMP RESEARCH Power Step by Bestop running board components are OEM quality and corrosion-resistant for long service life. The AMP RESEARCH Power Step by Bestop is designed to operate normally in all weather conditions and is built to handle up to 600 lbs. per side. The AMP RESEARCH Power Step by Bestop running boards are a must have for all truck enthusiasts.
